OFFICE OF THE AGRICULTURAL SERVICES (External Services)

The Office of Agricultural Services (OAS) is a local government office mandated to implement programs, projects, and activities that promote the development and sustainability of the agriculture and fisheries sectors in the City. It aims to improve the lives of registered farmers, fisherfolk, agricultural entrepreneurs, consumers, and the general public through the delivery of effective agricultural extension services and support programs.

The office conducts planning, development, management, and administration of programs that provide technical assistance, training, and other support services to registered farmers and fisherfolk, as well as to interested citizens and the youth. It also strengthens coordination and collaboration with national, regional, and provincial government agencies, local government units, and various civic organizations to enhance the production, management, and conservation of agro-fishery resources, including the protection and management of mangrove forests.

Pursuant to Republic Act No. 7160, also known as the Local Government Code of the Philippines, which was enacted in 1991, the agricultural extension services and certain personnel and assets of National Government Agencies (NGAs) were devolved to Local Government Units (LGUs) in 1993. This devolution was intended to strengthen the capacity of LGUs to deliver basic services more efficiently and effectively to their constituents.

At present, the Office of Agricultural Services provides services to all forty-seven (47) barangays of the city. Among these, seven (7) barangays are primarily engaged in fisheries and aquaculture propagation and management, while five (5) barangays focus on agricultural production, resource management, and related activities.

1. DISTRIBUTION OF AGRICULTURAL INTERVENTIONS

The Distribution of Agricultural Interventions refers to the provision of agricultural inputs, tools, equipment, and other support services to qualified farmers, fisherfolk, urban agriculture practitioners, and other eligible beneficiaries.

These interventions may include, but are not limited to: seeds, seedlings, planting materials, fertilizers (organic and inorganic), soil amendments, farm tools, small farm equipment, composting materials, livestock or poultry inputs, and other production support necessary for agricultural and fisheries operations.

The purpose of this activity is to enhance productivity, improve farm efficiency, promote sustainable agricultural practices, strengthen food security, and support the overall livelihood of beneficiaries. Distribution is conducted in accordance with established guidelines, eligibility criteria, and proper documentation to ensure transparency, accountability, and equitable allocation of resources.

2. PROVISION OF TECHNICAL ASSISTANCE

The Provision of Technical Assistance refers to the delivery of advisory and consultative services to farmers, fisherfolk, agri-entrepreneurs, urban growers, and other stakeholders seeking guidance on agriculture and fisheries-related concerns.

Technical assistance may be provided through walk-in consultations, scheduled meetings, on-site farm visits, virtual consultations, phone calls, email correspondence, and social media inquiries. Services may include farm planning, crop and livestock management recommendations, pest and disease diagnosis, soil and nutrient management guidance, composting techniques, hydroponics and urban agriculture support, regulatory compliance assistance, and referral to appropriate agencies or programs when necessary.

The primary objective of technical assistance is to provide accurate, timely, and science-based recommendations that help clients improve productivity, resolve technical issues, adopt best practices, and enhance the overall sustainability of their agricultural and fisheries activities.

BUSINESS PERMITS AND LICENSING DEPARTMENT

(External Services)

The Business Permits and Licensing Department provides effective systems, procedures and practices in the issuance of new and renewal of business permits. It regulates the nature and the operations of different activities, monitor and enforce existing laws, ordinances, policies, rules, and regulations in the operation of business within the City.

I. ISSUANCE OF MAYOR'S PERMIT AND BUSINESS LICENSE (PERMIT)

In general, all businesses should apply for a Mayor's Permit and Business License before operation. Mayor's Permit and Business License must be renewed annually in order to legalize the business operation. The City of Bacoor has an established Business One-Stop Shop (BOSS) wherein all concerned offices involved in the issuance are located in one place to facilitate processing and make it business-friendly. Another innovation is the implementation of the Electronic Business One-Stop Shop (eBOSS). From application to release and delivery of business permit and plate, it can be done through online.

CITY ENVIRONMENT SERVICE DEPARTMENT

(Internal and External Services)

The City Environment Service Department (CESD) is the primary department of the City Government of Bacoor responsible for protecting the environment through the enforcement of environmental laws. It implements programs that conserve natural resources, maintain ecological balance, and support sustainable development. The CESD also serves as the city's frontline office in promoting environmentally friendly, community-based technologies and practices for environmental protection and conservation.

1. PROVISION OF CLEAN AND GREEN SUPPLIES AND MATERIALS

The Office provides and manages the procurement and distribution of supplies, materials, and equipment necessary for the effective implementation of environmental and sanitation programs. These include sacks, cleaning and disinfecting materials, gardening tools, carts, uniforms, and appropriate personal protective equipment (PPE). Such resources are utilized in the conduct of regular street sweeping, citywide clean-up and clearing operations, disinfection and sanitation activities, enforcement of environmental ordinances, grass cutting and maintenance works, tree trimming and pruning, as well as the development, maintenance, and beautification of parks, open spaces, and other public areas within the city.

The Office of the City Health Services ensures the health and well-being of the residents of the City of Bacoor by providing public health services and programs that focus mostly on medical, dental, environmental health, and nutrition. The health services offered are preventive and curative which addresses the needs of the community particularly the poor and vulnerable groups (pregnant and lactating mothers, malnourished children, elderly, etc.) so they can be active and productive members of the society. It is a government mandate aiming to ensure that every Bacooreño shall receive accessible, available and quality health services. The Office of the City Health Services develops plans and strategies, formulate programs and policies and implements health programs in accordance to the guidelines of the Department of Health. It is also the role of the office to promote public health through health education campaigns, focusing on health lifestyles, proper nutrition and mental well-being, to monitor and respond to public health threats, including outbreaks through surveillance and rapid intervention, and to manage environmental health programs.

CITY INFORMATION AND COMMUNITY RELATIONS DEPARTMENT

(Internal Services)

The City Information and Community Relations Department function is to provide communication between the City Government and its constituents through dissemination of relevant information about the plans, programs and projects of the City Government of Bacoor towards the attainment of a productive, cultured and well-informed city. The CICRD uses all forms of media for the improvement of the safety, welfare and interest of the city and its residents. The CICRD aids as a medium of information from local government to the people and serves as a venue for feedback that can harness the services and work ethics of the City Government's staff and work harmoniously with the local executive and other officials of the City Government.

MISSION

The City Information and Community Relations Department is devoted in delivering accurate, timely, pertinent information to the Citizens of Bacoor, enhancing community relations, and encouraging civic participation through transparent and accessible communication channels.

VISION

To cultivate a well-informed and actively engaged community, where open communication and participation are the cornerstones, building towards an inclusive and empowered society.

PLEDGE

We, the CICRD, pledge to uphold these functions and service standards, striving to provide excellent service to the Residents of Bacoor, welcoming feedback and suggestions, and fostering a transparent and participatory form of governance.

OFFICE OF THE GENERAL SERVICES

(Internal Services)

To assist our city government in promoting effectiveness and efficiency in government operations and the prudent utilization of its scarce resources for more progressive Bacoor.

To be an efficient and effective department, making Bacoor a reality, we in the GSO recognize that the existing laws and regulations which may be obstructive are designed with the best of intentions to protect government funds and property. Bound with the duty to implement laws and rules, we are committed to make it easy for government agency as partners in development resources for more progressive Bacoor.

Resources Education Vocational Instruction Livelihood Learning Academic (R.E.V.I.L.L.A.) Center under the City Livelihood and Development Department was established in 2007. Since then the City of Bacoor offers livelihood skills training programs and Mayor Strike B. Revilla continues to offers it as he sees the importance of technical and vocational education in the development of the City of Bacoor. Various livelihood skills training programs are being offered by CLDO to give livelihood opportunities to the out of school youths, the unemployed and etc.

The persistence and effort of Mayor Strike B. Revilla and CLDO to alleviate poverty and decrease unemployment rate in the City of Bacoor are shown in the progress and development of the city. A great number of out of school youths, unemployed and other aspirants who have had chances to be one of beneficiaries of the livelihood skills training programs offered by the City every year. Beneficiaries are PWD, Senior Citizen, Out of School Youth, Displaced OFW's, Person Deprived of Liberty, Drug Surrenderrees, Unemployed Citizens, Housewives, 4P's, Family Members of AFP and PNP Wounded in-Action, Industry Workers, Victims of Natural Disasters and Calamities, Farmers and Fishermen, Indigenous People & Cultural Communities, Students and Informal Settlers (Relocatees) were able to use the knowledge and skills that they acquired in finding jobs, in starting their own business and having opportunities to work outside the country.

Mayor Strike started the “STRIKE SA SERBISYO CARAVAN” which gives free massage, free haircut and skills demo to the communities in 47 barangays of City. Enables the trainees to practice the skills they learned. Trade Fairs are also conducted in different areas in the City of Bacoor to promote products of the beneficiaries of the livelihood and scholarship programs. Through the effort of Mayor Strike B. Revilla and Ms. Carmelita Fabian-Gawaran the livelihood programs are also brought inside correctional institutions because livelihood programs will be beneficial to the detainees when they get a new start in life.

Mayor Strike has high hopes for Bacoor and its constituents for progress. He got recognitions for excellence but his greatest award is the continuous development of Bacoor through continuing programs that enrich the skills of the Bacooreños.

LOCAL YOUTH DEVELOPMENT OFFICE

(External Services)

MANDATE

Local Youth Development Office (LYDO) is created by the virtue of the Republic Act No. 10742, otherwise known as the “Sangguniang Kabataan Reform Act of 2015”, as amended by the Republic Act No. 11768, and its corresponding Internal Rules and Regulations (IRR).

The Republic Act No. 10742, under Chapter IV *The Local Youth Development Office*, Section 25 *Creation* states that “There shall be in every province, city, and municipality a Youth Development Office which shall be headed by a Youth Development Officer with a rank of at least division chief. Such may be put under the Office of the Local Chief Executive (LCE), the Office of the Planning and Development, the Office of the Social Welfare or in any other office deemed appropriate by the local government unit.”

The Implementing Rules and Regulations of Republic Act No. 10742, under Rule IV *The Local Youth Development Office*, Section 26 *Creation*, item (d) *Functions of the Local Youth Development Office* states that “the youth development office should have the following functions:

- (1) In accordance with Section 24 (d) of these rules, register and verify youth and youth-serving organizations (Subject to the revitalized Youth Organizations’ Registration Program (YORP) guidelines);**
- (2) Provide technical assistance to the Local Youth Development Council (LYDC) of the concerned Local Government Unit (LGU) in the formulation of the Local Youth Development Plan (LYDP);**
- (3) Facilitate the election of the LYDC representatives;**

- (4) Serve as secretariat to the LYDC;
- (5) Conduct the mandatory and continuing training of SK officials and LYDC members, in accordance with the programs jointly designed and implemented by the Commission and the DILG. The local youth development officer and/or his or her staff shall apply for accreditation from the Commission in order for them to conduct the mandatory and continuing training programs of SK officials and LYDC members. In the absence of a Youth Development Office in the province, city or municipality, the designated existing personnel by the LCE shall apply for accreditation with the Commission in order for said official to conduct the mandatory and continuing training programs of SK officials and LYDC members;
- (6) Provide technical, logistical and other support in the conduct of the mandatory and continuing training programs, and to such other programs of the Commission and DILG;
- (7) Coordinate with the Commission, with regard to the youth programs within their jurisdiction; and
- (8) Perform such other functions as may be prescribed by law, ordinance, or as the LCE, the DILG or the Commission may require.”

The Revised Implementing Rules and Regulations (IRR) of Republic Act No. 10742, as amended by Republic Act No. 11768, under Rule IV *The Local Youth Development Office*, Section 28 *Funding* states that “*The LGU may appropriate not less than one percent (1%) of its annual budget for the Local Youth Development Office, which shall be used for the implementation of the LYDP, convening the meetings of the concerned Pederasyon ng mga SK and LYDC, as well as its operations and effective functioning.*”

The Local Youth Development Office (LYDO) of the City of Bacoor, pursuant to the mandates prescribed by pertinent laws, is committed and determined to advocate holistic and inclusive youth development and empowerment, effective and responsive youth governance, and resilient and sustainable growth for the benefit of Kabataang Bacooreños.

VISION

City of Bacoor: A model first-class city with an adaptive, inclusive, and responsive Local Youth Development Office (LYDO) that envisions empowered, enlightened, and excellent Kabataang Bacooreños, embodying the values of Solidarity, Bravery, and Resilience, effectively prioritizes the aspirations, needs, growth, and needs of the youth citizenry.

MISSION

Actively bringing together the Kabataang Bacooreños and relevant stakeholders in a proactive and purposeful setting, that enables

- 1. Amplification of effective and engaging youth participation in local governance;**
- 2. Embodiment of the values of service, balance, and resilience among youth citizens and youth leaders;**
- 3. Promotion of consultative, inclusive, participative and responsive youth development and empowerment;**
- 4. Recognition of the invaluable contributions and potentials of Kabataang Bacooreños in the development of the city; and**
- 5. Reinforcement of accountability, responsibility, sustainability, and transparency in youth-based, youth-initiated, youth-led programs, projects, and activities.**

VALUES

**Service-Oriented Youth Development and Empowerment
Balanced Youth Engagement and Governance
Resilient Youth Citizenry and Leadership**

4. ISSUANCE OF BUILDING PERMIT (Commercial PTTI's)

A **Building Permit** for **PTTI** refers to the streamlined approval for **Passive Telecommunications Tower Infrastructure**, meaning permits for cell towers, poles, and related equipment, simplifying the process through Joint Memorandum Circulars (JMC) to speed up telecom rollout, requiring local permits but with faster approvals via national guidelines. PTTI refers to all types of outdoor non-electronic telecommunications infrastructure or civil works, including but not limited to towers, masts, poles, and other similar infrastructure, as well as the facilities auxiliary thereto built on the ground or installed in buildings, walls, rooftops or other edifice that are utilized for purposes of mounting antennas, transmitters/receivers, radio frequency modules, and other radio-communications systems as macro cell sites for the rendition of ICT services in the telecommunications network.

7. ISSUANCE OF MECHANICAL PERMIT

A **Mechanical Permit** is permit to install, alter, or repair mechanical systems (like HVAC, boilers, elevators, etc.) in buildings, ensuring compliance with the Philippine Mechanical Code, National Building Code (PD 1096), and safety standards through plan review, inspections, and required professional involvement. It's a crucial part of the building permit process, verifying that all machinery and systems are safe and functional before use, with a final Certificate of Operation needed for continuous operation.

9. ISSUANCE OF ELECTRONICS PERMIT

Electronics Permit is a compulsory local authorization required to install, operate, or regularize electronic systems within a structure. This permit ensures that all systems—including IT, telecommunications, security, alarms, and automation—align with the National Building Code and the Electronics Engineering Law (RA 9292). Approval is contingent upon the submission of comprehensive plans and bills of materials, authenticated by a licensed Professional Electronics Engineer (PECE), and is finalized following a successful site inspection.

11. ISSUANCE OF EXCAVATION AND GROUND PREPARATION PERMIT (Commercial - Highly Technical Application)

Excavation and Ground Preparation Permit: This accessory permit is issued by the Office of the City Building Official (OBO) to authorize site excavation and earthworks and allowing groundwork for construction, ensuring it meets safety codes and protects utilities before a full building permit is issued, essentially authorizing digging, site clearing, and foundation work while holding the applicant responsible for public safety and site restoration. This permit verifies the project plans (signed by an engineer) and secures approval for initial site development, separate from the main building permit but crucial for compliance.

17. ISSUANCE OF CERTIFICATE OF ELECTRICAL INSPECTION (Temporary Service Connection)

A **Temporary Service Connection** (CEI) is an official document from the Office of the City Building Official (OBO) that permits temporary, limited electrical power for specific short-term needs, like construction, testing, or events, ensuring the temporary setup meets Philippine Electrical Code (PEC) safety standards before being energized. It acts as a safety clearance, guaranteeing the temporary wiring is safe for use, and is required before utility companies (like MERALCO) provide the service.

21. PROCESSING OF BUILDING ASSESSMENT (Business Permit)

As a vital step in the Business Permit process, **Building Assessment** is a mandatory evaluation conducted by the Office of the City Building Official (OBO) to verify that a business's physical premises align with safety, and occupancy regulations. By reviewing essential documentation—such as the Building Permit, Certificate of Occupancy and Annual Certificate of Inspection—authorities ensure the structure is fit for its designated commercial use. This assessment is a critical prerequisite for the issuance of a Mayor's Permit, focusing strictly on the integrity and compliance of the physical space.

OFFICE OF THE POPULATION DEVELOPMENT (External Services)

The Office of the Population Development is committed to providing professional programs on Responsible Parenthood and Family Planning, Adolescent Health and Development, and Population and Development Integration. These initiatives aim to empower families and communities by giving them the knowledge and tools to make informed decisions about their health, family life, and overall well-being. Through promoting responsible parenthood, supporting adolescent health, and strengthening population management, the office helps build healthy, resilient, and well-planned families and communities that can thrive and contribute positively to society.

Basic Policy

Responsible Parenthood for Sustainable Development

1987 Constitution Article XV, Section 3.1

“The state shall defend the right of spouses to found a family in accordance with their religious convictions and demands of responsible parenthood”.

Vision

We are the lead organization in population management for well-planned and empowered Filipino families and communities.

Mission

We commit, in collaboration with partners, to create an enabling environment to:

- Empower couples and individuals to achieve their desired number, timing, and spacing of children in the context of informed choice and responsible parenthood;
- Enable adolescents to realize their full potential and total wellbeing;
- Mainstream population factors in sustainable development initiatives

Office of the Population Development

Roles and Functions of Office of the Population Development:

Roles:

1. Plan and coordinate population and development programs aligned with national and local policies.
2. Promote responsible parenthood and family welfare through counseling and information campaigns.
3. Support youth and adolescent development by preventing early and unplanned pregnancies.
4. Implement local ordinances and national policies on population and family development.
5. Educate and engage the community on population and development concerns.

Functions:

1. Conduct Pre-Marriage Orientation and Counseling (PMOC) – register couples, assign PMOC Control Numbers, and schedule orientation sessions.
2. Provide family planning and reproductive health services including counseling and referral assistance.
